MAC INTEGRATION BASICS 10.13

Course : NFS-CA-MIBS-1040

Duration : 4 Hours

Course Fee : ₹ 7,500/- * +

COURSE DESCRIPTION

This Mac Integration Basics 10.13 course is designed to provide students with easy Mac integration knowledge. Organizations are increasingly integrating Mac computers into Windows or other standards-based network environments. This course provides step-by-step instructions for a successful integration.

OBJECTIVES

Upon completion of the Mac Integration Basics 10.13 course, students will be able to:

- Integrate a Mac into a Windows network environment.
- Configure a Mac to work with Active Directory.
- Take advantage of network services, file sharing, printing, instant messaging, email, calendars, and contacts.
- Provide security at the user, local-networking, and remote-networking levels.
- Migrate data from a Windows computer to a Mac.
- Back up data.
- Run Windows programs on a Mac.

AUDIENCE

- Users who bring a Mac into organizations that predominantly use the
- Microsoft Windows operating system and Windows Server Essentials
- Users who replace a Windows computer with a Mac
- IT professionals who support Mac users in organizations that
- Predominantly use Windows and Windows Server Essentials
